THOMAS DART, Sheriff of Cook County,)

Defendant-Respondent)

SUPPLEMENTAL DECLARATION OF MICHAEL MILLER

I, Michael Miller, pursuant to 28 U.S.C. § 1746, declare as follows:

1. That I am currently employed by the Cook County Sheriff's Office ("CCSO") as the First Assistant Executive Director for the Cook County Department of Corrections ("CCDOC"). I have been employed in this role since 2019 and have worked in CCDOC for over thirty years.
2. I previously executed sworn Declarations concerning the CCSO's response to the Novel Coronavirus ("COVID-19") pandemic, filed on April 7, 2020 under Dkt. #31-8, and April 17, 2020 under Dkt. #62-5. Each and all paragraphs under said declaration are incorporated and re-stated herein.
3. I am familiar with the Court's order entered April 27, 2020 requiring the CCSO to report to the Court certain steps taken to combat the spread of COVID-19 in the Cook County Department of Corrections ("CCDOC").

Background

4. CCDOC is an incredibly complex operation. On a regular day, rotating shifts of correctional officers and supervisory staff across multiple divisions transfer hundreds of detainees to court hearings, medical appointments, court-mandated and supplemental programming, and more. Detainees are provided three meals per day, essential supplies including bedding, uniforms, toothbrushes, and soap. Commissary deliveries are completed and logged. Inmate grievances and medical requests are collected and processed.
5. CCDOC is required to weigh numerous factors while operating the jail. For example, when classifying a detainee and making a housing determination, multiple factors are considered including but not limited to: criminal charge(s), criminal history and incarceration history, the safety of staff and detainees, security requirements for each detainee, correctional disciplinary history, and mental health needs.

6. As of April 30, 2020 the CCDOC detainee population is 4,099. Since March 17, 2020, the CCDOC population has decreased by 1,489. Miller Declaration Exhibit 1.
7. Between April 12, 2020 and April 30, 2020, the average number of arrestees each day was 34 and the average number of detainees processed through intake was 23. Miller Declaration Exhibit 2.
8. The CCSO has activated emergency staffing provisions of its Collective Bargaining Agreements in order to assign court services deputies to CCDOC operations. Approximately 123 deputies have been assigned to CCDOC as of April 17, 2020.

Housing Arrangements

9. On April 23, 2020, I testified in a hearing this matter. During that hearing I discussed the plan I had in my “back pocket” to reconfigure housing arrangements between the men’s and women’s tiers to use space in the tiers and dorms more efficiently. I have fully executed this plan and have made all possible housing reconfigurations.
10. Due to significant medical and mental health needs, detainees assigned to RTU and Cermak housing cannot be housed in general population tiers. RTU and Cermak are regularly monitored by medical staff.
11. Approximately 120 convicted detainees housed at CCDOC have been sentenced and should have been transferred to IDOC facilities. However, due to Executive Order 2020-13, issued by Governor Pritzker on March 26, 2020, these detainees cannot be transferred out of CCDOC.
12. CCDOC has experienced incidents since the COVID-19 pandemic began that endanger the safety of both detainees and staff. These incidents are summarized in Exhibit 3 to this declaration. In addition to the other considerations for housing arrangements, these incidents impact the available housing configurations for detainees. I continuously evaluate all housing arrangements to ensure the safety of both detainees and staff.

Personal Protective Equipment

13. The CCSO has continued to work diligently to obtain and distribute personal protective equipment (“PPE”) across CCDOC. Deliveries of PPE and distribution to staff—and, where appropriate, detainees—are captured and preserved on stationary cameras.
14. As of April 11, 2020, all detainees on Quarantine tiers are issued a new mask each day. As of April 14, 2020, all detainees are issued a new mask each day.
15. General population detainees have neither known exposures to people with COVID-19 nor symptoms of COVID-19. Therefore, the CDC does not recommend that they use surgical masks. The CCDOC will also provide the general population of detainees with masks for their comfort and for security purposes to avoid any conflicts related to the provision of masks to other detainees, as supplies permit.
16. As of the date of this Declaration, CCDOC has inventoried 419,773 surgical masks.

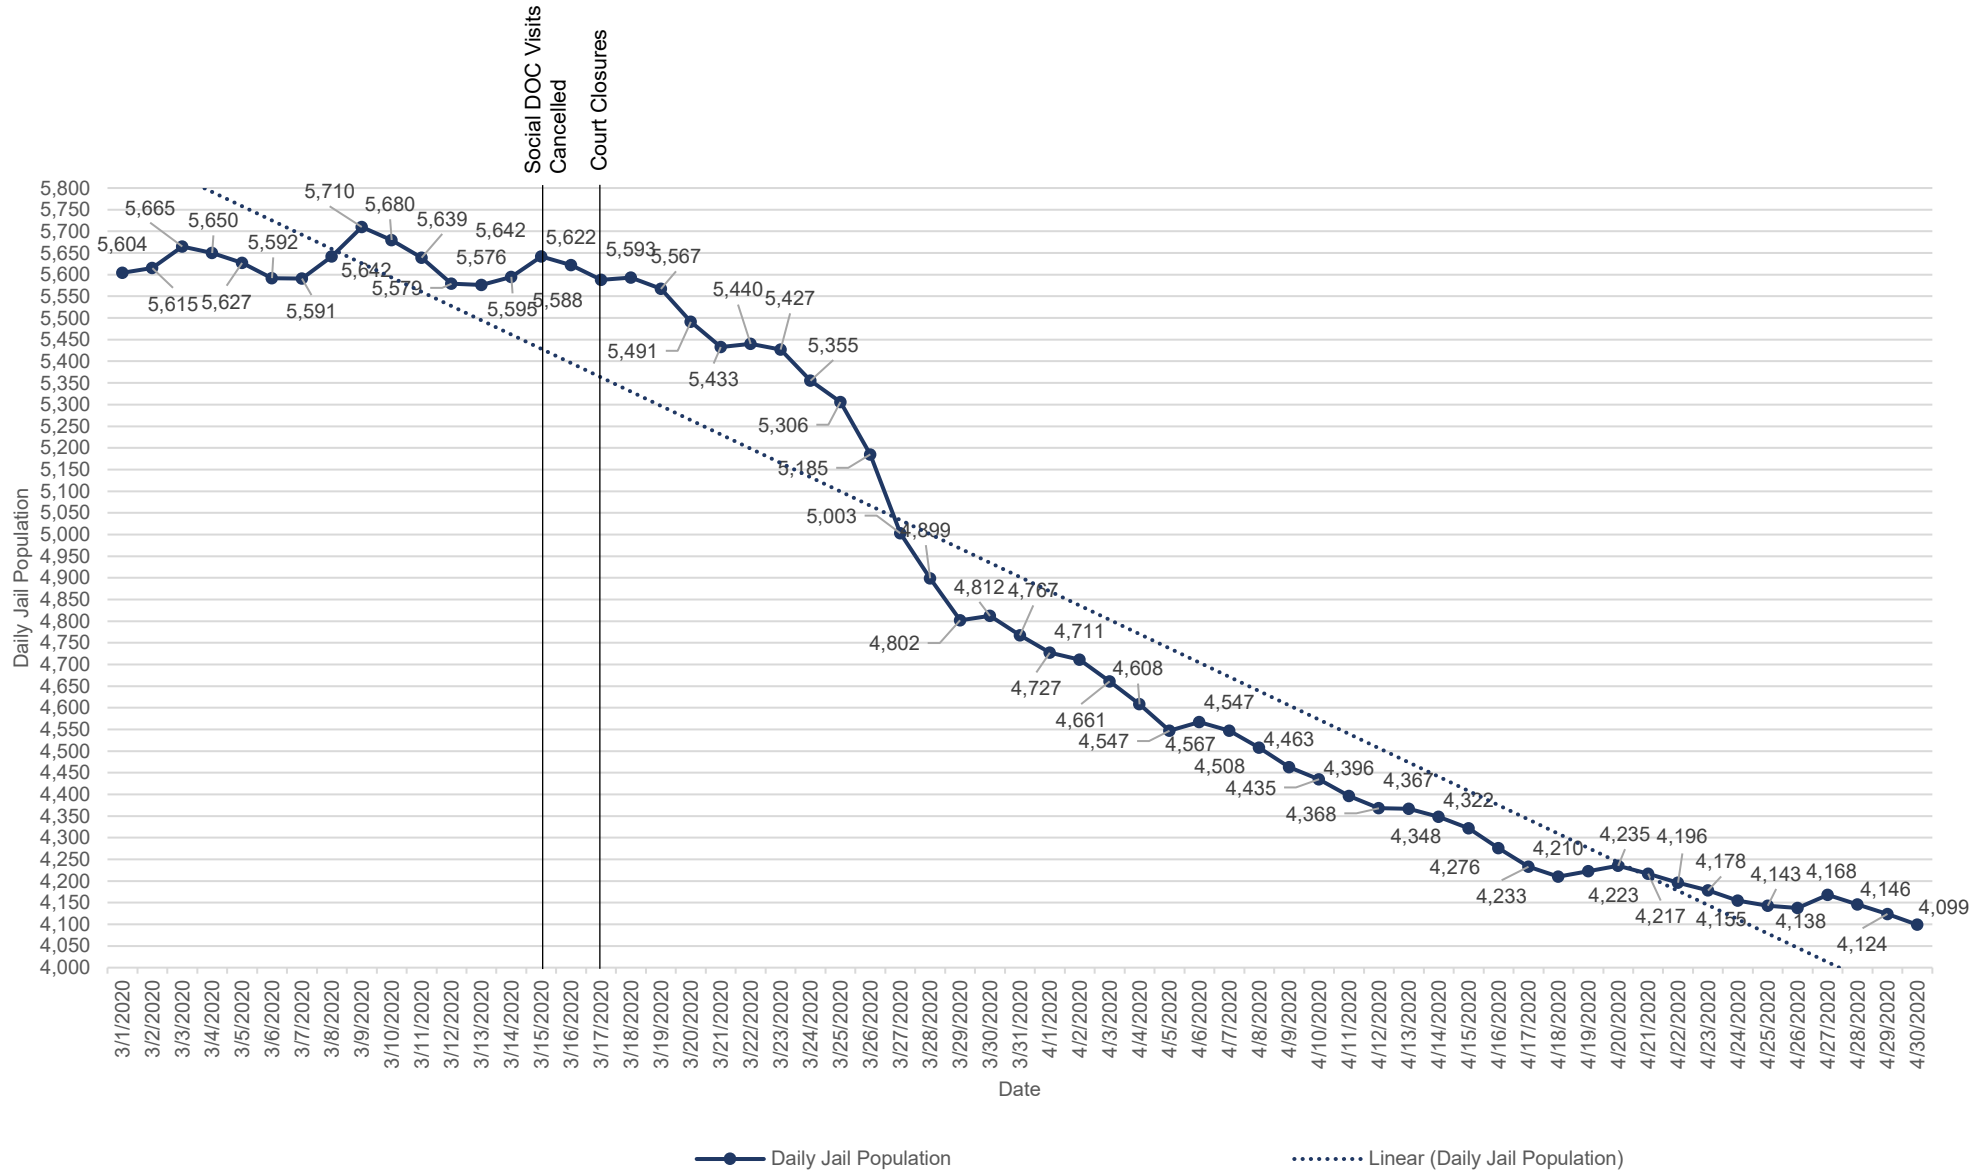

I, Michael Miller, pursuant to 28 U.S.C. § 1746, declare under penalty of perjury of the laws of the United States of America that the foregoing is true and correct.

Dated this 1st day of May 2020.

ADMINISTRATIVE ASSESSMENT:			
<p>On 29 April 2020 at approximately 0750hrs, Emergency Response Team was activated by Director Howell to respond to a major incident caused by multiple detainees in RTU Tier 3G (Isolation Medical Tier). Above information in Incident Details were given to ERT. With this information, ERT donned protective Riot gear, Riot equipment, and PPE N95 Facemasks. At approximately 0834hrs, ERT staged themselves in the hallway outside Tier 3G. On scene prior of ERT arrival were RTU sworn staff in protective gear and RTU supervisors staged in the hallway outside of Tier 3G. At this time, it was seen that multiple detainees were pacing back and forth in the dayroom with their fists clenched and yelling towards sworn staff. Also heard were detainee(s) loud pounding on Tier 3G entry door. Before detainee's actions could dangerously escalate any further, ERT made entry unto Tier 3G. Upon entry, ERT shouted verbal orders for detainees to get on the ground or remain on their bunks and not to move. Several detainees were purposely laying on the floor near entry door. Those detainees were given verbal orders by ERT staff not to move and immediately were secured in handcuffs. Verbal orders continued to be shouted for all detainees to remain still and not move. ERT began to place handcuffs on detainees on Tier 3G while maintaining dayroom security. Once detainees were secured in handcuffs, detainees were helped by ERT to stand to their feet. Each detainee was escorted off Tier 3G one at a time by two ERT officers. During escort, several detainees purposely refused to walk and became dead weight making it difficult for movement. Once this occurred, the two escorting ERT officers placed a firm grip (handshake strength) upon each of detainee's upper arms and maintained a controlled lift when escorting detainee off Tier 3G. Once detainees were escorted to the hallway outside of Tier 3G, detainees were turned over to RTU sworn staff where detainees received medical evaluations by RTU medical staff and then escorted to another location on the 3rd Floor. 39x detainees were escorted off Tier 3G and medically cleared, it was ordered that all detainees from Tier 3G were being transferred to Div. 10 Tier 1D.</p> <p>Each detainee was then escorted by two ERT sworn staff members from RTU to Div. 10. While ERT Ofc. Garcia, J #16324 and ERT Ofc. Menefee #16409 approached detainee Thomas, Deandre #20180422011 for escort, detainee was sitting on the ground and without warning purposely kicked ERT Ofc. Garcia, J striking him in his right knee area. ERT Ofc. Garcia, J and ERT Ofc. Menefee immediately pinned detainee Thomas's upper torso to the ground in order to prevent any further attack. Detainee Thomas yelled out; "Fuck you all! You ain't shit!". ERT Ofc. Garcia, J and ERT Ofc. Menefee gave detainee verbal orders to stop resisting. Detainee Thomas continued to say; "Fuck you all". ERT Ofc. Garcia, J and ERT Ofc. Menefee then placed a firm grip (handshake strength) on each of detainee Thomas's upper arms and helped detainee up to his feet. Due to detainee Thomas's aggressive behavior and his PPE facemask not on him, a spit mask was utilized and placed on detainee Thomas. Detainee Thomas then was escorted and walked under his own power. ERT Ofc. Garcia, J and ERT Ofc. Menefee were escort officers. Due to detainee Thomas's behavior and being a security risk, ERT Sgt. Squeo #3257 and ERT Lt. Marmol #688 (with Transport chair) followed. During escort, detainee Thomas began to purposely slow down his walk and began to breath heavily. Detainee Thomas was then secured in the Transport Chair with no incident. Escort of detainee Thomas continued via Transport Chair. Detainee Thomas continued to purposely breath heavily and shake his body. Detainee Thomas was told to calm down. Detainee Thomas was never in any physical distress. Detainee Thomas was escorted to Div. 10 Tier 1D and secured in his cell with no further incident. Disciplinary report generated for detainee Thomas. Ofc. Garcia, J requests to press charges against detainee Thomas, Deandre for assault and battery. Battery to staff report generated. All other detainees from RTU Tier 3G was escorted to Div. 10 Tier 1D and secured with no further incident. Once secured, ERT exited Tier 1D. Div. 10 Medical staff was staged on Tier 1D and once ERT exited, medical evaluations were conducted for all detainees. All detainee personal belongings on Tier 3G was searched and packed up by RTU staff and will be sent to Div. 10. No visible injuries to detainees. No injuries to staff. Incident captured on ERT Axon Body Cameras listed under personnel involved. Incident also captured on stationary cameras in RTU. R/LT does not have access to RTU cameras and awaiting to be reviewed. Once all cameras will be reviewed, it will be determined if any Use of Force paperwork is necessary.</p>

INCIDENT REPORT

On 28 APR 20 D/S Prine #11556 and D/S Ceballos #11568 were on duty and assigned to Div. 08/RTU Living Unit 4G at 1049 hrs. At this time detainee Davis, Xavier 20191130060 was observed sitting in the Tier Officers desk chair. I (D/S Prine) ordered detainee Davis to not sit in that chair and to not cross the yellow line around the Officers desk. Detainees Hamlin, Derrick 20181206079 and Cole, Kendall 20170906023 then began yelling loudly "You can't tell nobody what to do in this bitch! You aint run shit!" I ordered ALL detainees to wear masks and proper DOC uniform in the dayroom. Sgt.'s Stubenvoll, Purcell and Gathright were notified at this time of the detainees refusal to comply with orders. Detainee Hamlin repeatedly ignored multiple verbal commands to put clothes on in the dayroom and instead walked around in only shower shoes, boxers and long underwear pants. Inmate Cole approached me and stated that he controlled the tier and if I wanted anything from the detainees to talk to him, he would make it happen. I instructed detainee Cole that any and all orders that were necessary to be communicated to the detainees on the living unit would come from sworn personnel only. Detainee Hamlin at this time approached the dayroom in the same condition without any semblance of uniform on and stood in the dayroom. Detainee Hamlin was again refusing to comply with orders to put on a uniform or mask. Detainee Galimore, Bruce 20181221014 then stood in the dayroom, refused to put a mask on properly and repeatedly approached the tier door after being ordered to step back without his mask on properly. Detainee Hamlin then yelled loudly at the RN distributing medication asking her if she loved his body. After medication was completed, as soon as I stepped into the hallway detainee Davis sat in the officers desk chair again. I again ordered Detainee Davis to not sit in the officers chair or approach the officers desk unless ordered to do so and to remain behind the yellow line at all times. Detainee Hamlin was again ordered out of the dayroom, to put clothes on and to put on a mask. Detainee Hamlin began yelling at me saying, "You tweakin man! I swear to god I'ma knock a motherfucker out up in this bitch! On my dead daddy I'ma knock one of these pussy ass bitches out! These motherfuckers some scary ass bitches!" Supervisors were notified of detainee Hamlins threatening statements.

STATEMENT OF FACTS: (NARRATIVE)

On 11APR20 at 1438HRS I, Reporting Sergeant Christie T. #3335 assigned to Division 9 (0700-1500 shift) responded to tier 3D for multiple detainees climbing. As I entered I observed detainee Hibbler, Jalen #20161112051 squat down on the upper level of the tier and jump to the table below landing on his feet first. I also looked to my left and observed detainee Harris, Maurice #20170405213 had climbed up the interlock window to the exit sign above the door leading to the outside patio area. I notified medical staff via radio that they were needed on tier 3D. I proceeded to detainee Hibbler and had him secured with handcuffs and sat up for questioning. Detainee Hibbler refused to talk to me or sit up on his own, so I had him placed back down on the floor for his safety. I stepped off the tier briefly to update the Command Center via telephone. I was then notified over the radio that medical staff was in route from the dispensary. I entered the tier and had detainee Hibbler unhandcuffed so that medical staff could evaluate him. While I was keeping a constant visual on detainee Hibbler, Officer Pavlik #18092 notified me verbally that there was 2X detainees in cell #3182 with sheets tied loosely around their necks. The 2X detainees housed in cell #3182 were identified as detainee Johnson, Joshua #20180801033 and detainee Howard, Rashaad #20191102112. Sergeant Rudnick #3254, Officer Rociola #17605, Officer Pavlik #18092, and Officer Wilson #18342 entered the cell and secured the 2X detainees in handcuffs and sat them outside of their cell. Both detainees were escorted to the bullpens awaiting medical and mental health evaluation. Be advised the cut down tool was not utilized. Medical staff arrived on scene and treated detainee Hibbler. Detainee Hibbler was cleared medically on the tier. Detainee Hibbler was then secured in handcuffs and given verbal orders to stand up and return to his cell. Detainee Hibbler did not comply with verbal orders. I authorized staff members who were on scene to utilize a carry escort hold to assist him to his cell. Once in the cell, I spoke with detainee Hibbler and told him I would be escorting him for a mental health evaluation and that he would have to walk on his own. Detainee Hibbler complied and walked on his own to receive a mental health evaluation. At 1537HRS I returned back to tier 3D and detainee Harris climbed down from the wall at 1540HRS. He was secured in handcuffs and escorted to bullpen #2. During the incident I was notified by staff members that detainee Hibbler was taking an unknown liquid and rubbing it on the dayroom telephones. Upon reviewing the cameras, it was verified that detainee was in fact infecting 4X telephones with an unknown liquid (suspect feces) at 1429HRS.
